

OFFICE OF THE SECRETARY OF DEFENSE

WASHINGTON, D.C. 20301

JUN 11 1991

MEMORANDUM OF AGREEMENT

Funds Control for Corporate Information Management Programs

The corporate information management initiative is an essential element in achieving Defense Management Report (DMR) targeted savings and management improvements. The Department must ensure that information management programs are implemented in accordance with DoD corporate information management policy.

The Assistant Secretary of Defense (C3I) establishes DoD corporate information management policies and ensures compliance with these policies. When problems of policy compliance develop, the ASD (C3I), or the Director of Defense Information (DDI) acting on his behalf, provides management guidance to correct programs and initiatives. If the Service or Agency corrective action is not satisfactory or timely, the ASD(C3I), in coordination with the Comptroller, will provide guidance to redirect or terminate the program and stop obligation of funds.

No modifications to existing authorities or policies are required to support this Memorandum of Agreement.

This agreement is effective immediately and will remain in effect until cancelled or modified.

Sean O'Keefe
Comptroller

Duane P. Andrews
Assistant Secretary of Defense
(Command, Control, Communications
and Intelligence)

Status of Policy Proposals

(As of June 12, 1991)

Proposal 91-01 (Open Systems Implementation Process): Approved April 10, 1991.
